

South Platte United Chamber of Commerce Meeting Minutes

September 8, 2015

Curtis, Nebraska

We met at the Nebraska College of Technical Agriculture in Curtis and discussed the results of the three tours of the SPUCC region. We believe that the three strongest areas of interest for the SPUCC Communities to be involved in are Legislative or Lobbying, Community Development with a strong emphasis on Housing issues, and Tourism. Discussion was about setting up at least 3 committees and having quarterly meetings. Communication and technology was also discussed as areas SPUCC needs to improve on.

Motion was made by Kevin Poppe and seconded by Leon Kuhlen that Dena Beck and Jay Hall should be authorized to sign checks since we needed two people. Motion Carried by all those present.

Ron Rosati gave a very informative presentation on the Nebraska College of Technical Agriculture and all the new and innovative things they are doing at the school.
