## Our forefathers knew the value of being united in a common cause.

To the legislative ear, one voice is hard to hear. But when many voices join together the message becomes stronger and more significant; the message becomes clearer.

This principle has underscored SPUCC's activities since the organization was founded in 1934. Working together, we can accomplish exponentially more than any of us can working on our own.

## Education. Networking. Clout.

As a member of the **South Platte United Chambers of Commerce**, you'll receive benefits that can be invaluable in business, community & economic development.

We work internally and partner with others to bring you educational opportunities that make a positive difference to individual businesses and contribute to the economic development of the entire region.

Our meetings bring speakers of stature on a variety of topics to different towns. These meetings attract influential individuals from not only the SPUCC region, but also from outside our borders. It's not unusual to encounter the governor or lieutenant governor, or to find business leaders, development officials or state senators and former state senators among the guests and members. Attending our meetings will provide you with a great opportunity to make direct, personal contact with the kind of people who get things done in Nebraska - and the world.

SPUCC represents numerous businesses, chambers of commerce, communities and development agencies throughout a large region of our state and affords us considerable influence with the legislation in many areas including agriculture, energy, tourism and business. Our opinion matters, in Lincoln and statewide.

## Help us help our region.

Southwest and south central Nebraska continues to face challenges from many different sources.

Your membership in SPUCC will help us:

- Support the business point of view with local & state legislators.
- Recruit new residents and businesses to the area.
- Bring our alumni back home.
- Create innovative economic development programs.
- Promote tourism & activities.
- Develop initiatives to promote the business & community interests of our members.
